Mini-stay in Oxford, Winchester & Salisbury 2024/25

Oxford

Oxford, a city with a rich history and steeped in cultural heritage. From the iconic Radcliffe Camera to the historic Bodleian Library, students have the chance to step back in time and witness the architectural marvels that have made Oxford a symbol of academic and cultural excellence.

Winchester

Operated by our partner [English Naturally](#)

Winchester is an ancient cathedral city one hour away from London. It has beautiful parks and gardens, a wide range of restaurants and pubs, a cinema and theatre. It is the home of Winchester College, a famous private school which has educated many British and world leaders, including the current Prime Minister of the UK.

Salisbury

Operated by our partner [English Naturally](#)

Salisbury is a cathedral city one and a half hours away from London on the train. The cathedral is famous for its impressive spire and the adjacent Chapter House, with a copy of the world-famous Magna Carta. It boasts a large town square and is full of great shops, pubs, cafés, and restaurants.

Improved English skills

With our mini-stays you can be confident that students will be well looked after, safe and happy. They will return home having had a great time and hopefully with improved language skills.

Safe and happy

Oxford, Winchester and Salisbury are all perfect places for a group of young students to explore.

More fluent

Our students stay either with friendly host families or in residential accommodation. Host families whenever possible, will be keen to help facilitate conversational English. Our teachers are all inspiring and communicative, delivering well structured and fun classes.
