

Oxford Spires Placement Test Instructions

Our online test will put Oxford Spires students into the correct level before they come to the UK so they can start lessons straight away. There are two versions of the test – one for children aged 8-12 and another for children aged 13-17.

It is important that the test is done **without** any help from other people or from the internet. On day one of the course, the teacher will be able to make any movements if they recommend.
