OXFORD SPIRES
INTERNATIONAL

About Oxford Spires International

Oxford Spires International is part of the Oxford Virtual Education Group, which has been providing safe and exciting programmes for young people since 1998.

Oxford Spires International offers English programmes in Oxfordshire, Bedfordshire and Gloucestershire for international young people to explore the UK, experience British culture, and develop their skills and confidence in using English. Oxford Spires International also offers unique and exciting educational opportunities in the USA.

Our programmes are a combination of English lessons, activities, workshops, and excursions, which means that all our students have lots of opportunities to have fun, make new friends and practise their English skills!

We are proud to be accredited by BAC (British Accreditation Council), English UK and Young Learners English UK.

Our Mission is to provide a safe, enjoyable and enriching learning experience. We aim to be helpful and efficient, honest and reliable, and strive to build students' confidence in using the English language through meaningful experiences.

Meet the Team

Your **centre managers, teachers** and **activity leaders** are looking forward to meeting you and leading your lessons and activities.

If you are travelling as part of a group, your **group leader** is responsible for keeping you safe and well during your stay. He or she will be with you every day during your programme.

If you are travelling independently, a member of staff will act as your group leader.

If you have any questions or problems during your stay, please speak to your group leader or any member of staff.

Andy, Josh, Mike and Opal work in Head Office. They are responsible for organising your programme, and they will speak regularly to your group leader.

You will also see **Head Office staff** at school and during activities. We love to take photos and chat to you! Please come and speak to us if you have any ideas or feedback for us, and of course, if you have any serious problems.

Remember that all of our staff are very happy to help you and make your stay as comfortable as possible!

Arrival in the UK: Students Travelling as Part of a Group

When you arrive:

- Go through passport control
- Collect your bags and ensure that you have all your luggage
- Follow your Group Leader out the baggage claim area
- Your group leader will contact the coach, and you will be taken to the centre.

Please note: airports in the UK can often be very busy and at peak times, it can take 1-2 hours from the time a flight lands to complete passport control and baggage collection.

Our staff will always follow the live flight information and will be aware of any delays.

If you get lost or separated from your group, phone:

+44 (0) 1865 800 290

If You Are Travelling Alone

Upon arrival at the airport, you will be met in the arrivals area by your chauffeur and escorted to the waiting taxi and transferred directly to the school.

Oxford Spires always use reputable chauffeur companies at all our sites. All drivers will have the appropriate ID and will have a sign displaying your name and centre name.

You can, at any time day or night, contact Oxford Spires on 01865 800 290 for assistance.

Parent or Guardian Consent Form

Every student travelling to the UK without their parents or guardian **MUST** carry the Letter of Consent to Travel (Parent Confirmation Letter). This letter confirms that the named student is attending an Oxford Spires school and contains the emergency telephone number for the School.

A template of this letter will be sent to you as part of your Pre-Arrival Information.

Parents must sign this letter and you should carry it with your passport at the time when travelling. You may be asked to show it at immigration / passport control when entering the UK.

Parents and guardians may also want to consider having this letter notarised (witnessed or signed by a solicitor) as recently the regulations have changed for children travelling from certain countries without their parent.

In particular this applies to children travelling from Italy or Spain who may not be able to board a flight without either a notarised letter or a letter from the local police (in Italy this is called the Dichiarazione Di Affidamento).

We recommend that parents check with the airline and local police about whether you will need any official documentation to leave the country without being accompanied by a parent or guardian.

Unaccompanied Minor Assistance

If you are flying to the UK without a parent or guardian, your parents can request UNACCOMPANIED MINOR (UM) Assistance directly from the airline. This means that a member of the airline staff will stay with you from check-in until handing you over to a named representative at the destination.

This service is available from most airlines and should be arranged with the airline when making the flight reservation.

Most airlines will charge a small fee for the UM Assistance. Some airlines will not accept child travellers under the age of 16 without also booking the UM service.

Oxford Spires recommends you check the airline's policy about child travellers in advance of the date of travel.

Where the UM service is booked, the airline will usually request the details of the person who will be meeting the child at the destination and we can provide you with this information if it is required.

On occasion there may be changes to arrangements and the named member of staff given for the UM Assistance may change. If this is the case we will always arrange for another member of our team to meet you and the named member of staff will sign a Letter of Authorisation so that they are legally able to collect you.

Centre Arrival

Once at the centre, you will be checked in and then shown to your accommodation where you will be given time to unpack and settle in to your rooms. You will be introduced to an Oxford Spires member of staff and to other students in the accommodation.

All new arrivals will be given a health and safety briefing as well as the fire safety and evacuation briefing and demonstration.

During your programme, we want you to:

- **enjoy** learning!
- improve your **confidence**
- develop your **learning skills**
- **practise using English** inside and outside the classroom

How to Improve Your English Quickly

Here are some useful ideas about how to improve your English.
Try them – they will help!

1. If you need help with your speaking:

- Speak as much as possible to your partners in class.
- Plan what you want to say, then practise a dialogue in your head.
- Speak to at least five people outside class every day.
- Have a conversation on a different topic every day.
- Try to speak English to your friends who speak your language.
- Try to use three words or idioms you've learnt recently.
- Don't worry if you make mistakes! It's natural.

2. If you need help with your writing:

- Write a diary for every day of the week, describing your feelings, the weather, your activities, etc.
- Make sure you do your homework.
- Check the spelling of ten words in the dictionary every day.
- Copy out your corrected homework so there are no mistakes.
- Use paragraphs!
- Find a pen friend and write regularly
- Try to find alternatives for simple words like 'good / bad / nice / get

3. If you need help with your listening:

- Sit near your teacher.
- Listen to your favourite songs in English and read the text at the same time.
- Repeat texts of songs as you listen.
- Listen to the people talking around you. What are they talking about? How do they feel?
- Listen carefully to the intonation of people talking. Do their voices go up or down, and when?
- Record yourself reading English, then listen to yourself. Is it clear?
- Listen for key words when people are speaking to you.
- Don't be afraid to ask people to repeat what they are saying.

4. If you need help with your reading:

- Try to follow the news about your country in our newspapers.
- Make a collection of articles you find interesting.
- Underline the key vocabulary and expressions in the articles.
- Practise using your dictionary.
- Time your reading: can you read ten pages in an hour?
- Ask yourself three general questions about an article or story before reading – then see if you can find the answers.
- Read articles and stories and try to remember ten important facts.
- Read the first lines of every paragraph of an article and guess the general idea.
- Don't worry if you don't understand every word.
- Don't use a dictionary while you are reading – guess the word/phrase and check it afterwards.

Learning Support

If you have any **Special Educational Needs**, please tell us before you arrive so that we can support you as much as possible.

You can also speak to your **Programme Manager or your Teacher** when you arrive if you need extra help with anything in the classroom.

English Outside the Classroom

It's great to speak English in the classroom with your teacher, but it's also important to use your English skills during activities and excursions!

Here are some ways that you can practise your English outside the classroom:

- **Speak to the campus staff and other residents** – the catering staff and meal times is a perfect opportunity
- If you visit some shops, this can also be a great place to practise some English.
Ask the shop assistants questions if you need to, and **be polite!**
- **Look around you!** Are there new words you can see that you don't understand? Take a photo and ask your teacher in your next lesson, or ask an Activity Leader.
- **Listen!** Can you hear people speaking in English? Can you understand what they are talking about? Can you hear if they have an English accent, or something different?
- **Ask** if you don't understand!
- **Talk** to your friends in English, Oxford Spires staff – everyone!

Practice makes perfect!

Activities & Excursions

At Oxford Spires International we want you to have fun, speak lots of English and experience life in the UK as much as possible!

That is why it is very important to us that when you are not in the classroom, you are participating in activities which will develop your language skills, encourage you to communicate with others, and teach you more about UK history and culture.

You will receive your weekly timetable when you arrive.

Activities

Our fantastic city locations mean that we can visit the town many times every week to play games, explore, and visit museums, colleges and other interesting places. Sometimes we also have activities at the park or at the school.

Examples of activities include: sports and games, quidditch, paparazzi, selfie challenges, teambuilding games, visiting museums and colleges, and walking tours.

Day Trips

As well as visiting local places of interest and exploring the beautiful city, your timetable may also include day trips each week to explore other places.

During your stay, you might visit: London, Bath, Stratford-upon-Avon, Oxford, Cambridge or many other beautiful and historical places nearby!

Evenings

We will organise evening activities such as games, competitions and visits.

Keeping Safe

In general, Britain is a very safe place to visit, and celebrates being a multicultural and diverse country. However, **it is important to be careful and responsible**, especially when we visit big cities such as London.

ALWAYS:

- ✓ Listen to instructions from your teachers, activity leaders and group leaders
- ✓ Ask if you do not understand
- ✓ Close your bag
- ✓ Cross the road at pedestrian crossings. Be careful of cars and bikes! (**Don't forget!** In England, we drive on the left-hand side of the road!)
- ✓ Drink lots of water – it is especially important when you are playing sport, walking around, and if the weather is very hot
- ✓ Tell people where you are going if you are travelling alone

NEVER:

- ✗ Leave the group without permission
- ✗ Bring lots of money, or expensive phones and cameras with you
- ✗ Leave your bag open or out of your sight

If you are lost, you can always phone the emergency number and we will help you.

+44 (0) 1865 800 290

If there is an emergency, stay with the group and listen to your teachers. If you are not with the group, go to a safe place and ask for help, or phone 999.

Please tell us where you are; phone the emergency number – and we will help you.

Residential Accommodation

Please read the following information carefully:

During your stay, it is important to remember that some things may be different in England to in your own country. This is a fantastic opportunity for you to experience a new culture and experience life in a different way to what you might be used to!

Food

Food in the UK will probably be different to the food in your country, and this is part of experiencing a new culture. We encourage you to be flexible and try new things!

In Britain, we usually eat our main meal in the evenings, and this may be earlier than you are used to. Dinner time is a great opportunity to speak to your teachers and fellow students and practise your English.

If you have any allergies, please tell us **in advance** and speak to the Centre Manager when you arrive.

Bathroom

Please do not stand on the toilet, and always leave the bathroom clean after you use it. You must always put toilet paper in the toilet and nothing else. Sanitary products should go in the bin, **not** the toilet.

Bedroom

Please be respectful to the school cleaners and keep your bedroom TIDY! If your bedroom is untidy, it will be difficult to clean. Please do not eat in your bedroom. Oxford Spires staff will sometimes check your bedroom to see if it is clean and tidy.

Cleaning & Laundry

Your bed linen will be changed and your room will be cleaned weekly; the common areas will be cleaned daily. You can wash your clothes once each week using school washing machines. We will tell you which day, and how to use the machines, when you arrive at the residence.

Remember to bring a towel because these are not supplied in residence!

Good manners!

In Britain, “**please**” and “**thank you**” are the most important words to learn!

Remember to always say “please” and “thank you” at school, especially at meal times.

Residential Rules

Please read the residence rules carefully.

Departure Procedure

On the departure day, Oxford Spires staff will wake you up and ensure you have all your belongings ready for your flight. You will either depart by taxi or if arriving with a group, by a coach transfer.

If you are an Unaccompanied Minor and/or travelling by taxi, an Oxford Spires representative will accompany you from the school to the airport terminal on the departure date.

It is recommended to arrive at check-in at least 2 hours before the scheduled departure (for some destinations and long-haul flights we may allow up to 3 hours).

For all Unaccompanied Minors and solo travellers, an Oxford Spires representative will assist that child with the check-in procedure, before taking them to the security point.

Some airlines require online check-in prior to departure to guarantee a flight booking. It is your parent's responsibility to check the policy with the airline.

Where online check-in is offered as an option, we recommend that parents do the online check-in, as this can save time once at the airport on the departure date.

If possible, any registration documents, e-tickets or boarding passes should be given to you prior to travelling to the UK. If this is not possible, we can assist with printing off any required documents if they are emailed to the office during your child's stay.

Parent Transfer

Arrival: For those parents or guardians who are bringing their children to the centre, we ask that parents aim to arrive at the school between 11.00 and 14.00 on the arrival day. When arriving at centre please follow the signs for the school office where there will be staff available to meet and check-in our new students.

Departure: Please let us know in advance if you will be collecting your child(ren) from the centre at the end of their stay. Please note the place for picking up your child is the School Office. We recommend that you aim to arrive in the morning to collect your child between 9:00 and 11:00.

Cultural Traits

There will be many aspects of British behaviour which seem very strange to your culture. For example the English in particular have a reputation for being reserved. This means that they are quite quiet in their public behaviour and like to keep their emotions private.

For example on public transport people do not usually talk to strangers. Within our own culture we feel secure as we can easily interpret the things around us.

Unfortunately, this can result in judging outsiders by our own standards which in turn can cause prejudice and stereotyping. Keeping an open mind is essential to benefiting from your time here.

Culture Shock

Culture shock is similar to the feeling of strangeness we might have when we are adapting to a new school or other environment, only more so.

When people are surrounded by a different culture, where everything (including the language) is new and potentially confusing, they go through changes of mood and attitude before coming to terms with their new environment.

These feelings of alienation can be caused by relatively minor things such as unfamiliar food; differences in routine; differences in travel arrangements and unfamiliar official procedures. They can be made worse by the deeper cultural differences in languages.

Many students are initially excited and positive about the new culture. But as the reality of deeper cultural differences sinks in, this excited feeling wears away.

We may then start to miss friends, family and places as we begin to have doubts about ourselves and our new environment.

You should not let the differences distress you. 'Reserve' should not be seen as unfriendliness as you will find that most British people are happy to help you if you have a problem or need some information.

Language

You may have difficulty in understanding spoken English no matter what level of proficiency you have achieved in your country. You will be listening to and speaking in English all the time and this will certainly make you feel tired.

Misunderstandings and mistakes are easily made when you are tired and others are speaking too fast. Do not feel frustrated or depressed if you cannot contribute to conversations as you can in your own language.

Using a second language throughout the day takes a great deal of effort and may sometimes seem too intense an experience. These feelings are perfectly normal and things will improve as you get used to the situation.

Fire Evacuation Procedures

There are notices in the classrooms, the student residence and other areas that outline the action to take in the event of a fire and where to obtain First Aid.

Please read them carefully and make sure that you understand what to do.

If you discover a fire:

1. Immediately raise the alarm – either activate the nearest fire alarm button or inform the nearest member of staff.
2. Only if it is possible and safe to do:
 - A. Call the Fire Brigade by dialling **999 (in the UK the emergency number is 999)**
 - B. Give the Operator your telephone number and ask for '**FIRE**'
 - C. When asked to give the address give the name distinctly '**FIRE AT SUMMER FIELDS SCHOOL ON MAYBURY ROAD**'
 - D. Do not replace the receiver until the address has been repeated and confirmed by the Operator

If you hear the fire alarm:

3. You **MUST** assume that there is a fire and evacuate your classroom immediately and in an orderly fashion.
4. Report to the designated assembly point.
5. Close the classroom door as you leave.
6. If you are in a classroom adjacent to a toilet, the teacher will check to see that anyone in the toilet has also evacuated.
7. Evacuation should be via the **NEAREST AVAILABLE EXIT**. This may not be the one most commonly used.
8. At the **Assembly Point** (this will be indicated on the Fire Notice inside the building) the Teacher should take a roll of all pupils known to be in the classroom when the alarm was sounded.
9. Upon completion of the register the Teacher should inform the **Programme Manager** that all pupils are present and accounted for.
10. No one should return to the building until directed to do so by the **Fire Brigade** and the **Programme Manager**.

Safeguarding

The term 'safeguarding' refers to the protection of children; this includes protecting them from physical abuse, emotional abuse, sexual abuse, neglect, and radicalisation.

In the UK, we have certain laws in place to ensure the adequate protection of children. Oxford Spires International has its own safeguarding policy based on these laws, which we expect all of our staff (including group leaders) to uphold. Your cooperation and attention to safeguarding issues is particularly important as you may come into contact with other students who are not in your group.

As part of British safeguarding procedures, every adult who has a role involving responsibility for or substantial access to under 18s will have a **police check (DBS), including group leaders.**

Safeguarding encompasses all areas of the safety and welfare of our students. Some issues that might arise while you are with us include homesickness, bullying, general health and wellbeing, and that they are eating properly and drinking enough water.

Oxford Spires International exercises this duty through employing the following:

- All members of staff working with children are required to undertake appropriate safeguarding training relevant to their role, including Prevent Duty, to ensure that they have up-to-date knowledge of safeguarding issues, are able to identify signs of possible abuse and neglect at the earliest opportunity, and know how to respond in a timely and appropriate way;
- Each setting has a named Designated Safeguarding Lead (DSL), who has undertaken safeguarding lead training in line with the Oxfordshire Safeguarding Children Board;
- To prevent the employment of unsuitable individuals, all staff at Oxford Spires International are employed in line with the Safer Recruitment procedures;
- The use of mobile phones and cameras by all adults at settings is strictly controlled. This is covered in the Mobile Phones and Cameras policies;

- Staff will seek to build children's resilience to radicalisation by promoting fundamental British Values, in order to provide a safe environment which allows children to discuss sensitive or controversial issues openly;
- All sites within the Oxford Spires International network are separately risk assessed from a safeguarding perspective before any programme commences;
- To complete and regularly update a Welfare Risk Assessment which outlines procedures in place to minimise risk to under 18s in a mixed age environment and additional welfare provision in place for all students – this should be conducted for each centre and any residential accommodation.

In UK law we protect a number of minority groups so they **cannot be discriminated against** because of their sex, race, religion, gender, sexual orientation, age, disability, culture/nationality. Please help us to uphold these fundamental principles.

If you have a concern about a safeguarding issue please speak to the Programme Manager.

Student Activity Board

The main way in which you will be able to see what Activities you are doing each day is via the **Activity Board**. This will usually be located either in the school social area or outside the classrooms.

It is **very** important that you take a few minutes to read the Activity Board **each day**, as it will contain a lot of useful information that they may need to know.

The **Activity Board** will include:

- The day of the week and date;
- Brief Weather Forecast for the day i.e. 22 degrees Celsius with possible rain;
- A section of the board broken up into Morning, Afternoon and Evening, and within each of these sections:
 - Which activity will be running at each time of day;
 - Which groups will be participating i.e. Group 1 and Group 4 for morning excursion;
 - Which Spires Activity Leader will be leading the Activity;
 - How long the Activity will last for.
- Breakfast, Lunch and Dinner times;
- Any reminders for tomorrow i.e. if it's Excursion Day tomorrow, what the students will need to bring; if there are any students or staff arriving or leaving tomorrow; any planned fire drills etc.

Your Programme Manager will up date the Activity Board each day by 8:30am, and will remind you to look at it after breakfast. If you have any questions about the Activity Board, please ask your Group Leader or your Programme Manager.

What if I am unwell?

If you are unwell, tell your group leader, or a member of staff and they will help you. If it is necessary, we can take you to a local doctor or dentist.

What if I miss home?

Our friendly and supportive staff are available to speak to you if you have any problems. If you are missing home, come and chat to us. You are never alone at Oxford Spires International. We are all here to help you!

Is there Wi-Fi?

Yes, there is Wi-Fi in all schools and accommodation. We will give the necessary passwords when you arrive. Please note that some Wi-Fi areas may restrict the sites that you are able to visit, for example, occasionally some social media sites are blocked due to the host school's internet policies.

Please speak to the school staff or your Group Leader about safety online and see the school noticeboards for tips and advice.

How often can I phone home?

We understand the importance of staying in touch with your family and we will never stop you from phoning home during suitable and convenient times. **However, please remember that constant contact may prevent you from fully immersing yourself in the Easter Programme, and could actually make you feel more homesick.**

Phone calls through Skype, FaceTime or WhatsApp are usually the most reliable ways to contact home. If this is not possible, speak to a member of staff or your host family who will be able to help you.

How do I study in the UK long-term?

If you would like to continue your studies in the UK, you can speak to an Educational Travel Organiser or Educational Consultant in your home country. They will be able to tell you about your options, the application process, the academic requirements, and the fees.

Speak to a member of Head Office staff and they will be able to help you find a representative in your home country.

Will my bank card work?

Check that your bank card has one of the following symbols on the back: Cirrus, Maestro or Visa (Plus). Most UK bank machines (ATMs) will accept cards using these networks. If you are not sure, ask your home bank. Also, make sure you tell your home bank that you will be using your bank card abroad, otherwise they might stop your card from working.

The majority of ATMs are easy to use and let you take money out without any charges, but if you're not sure, ask a member of staff and they will be happy to help you.

The most important tip of all...

You are never alone at Oxford Spires International!
There is always someone there to support you.

If you are feeling sad, scared, homesick or worried, speak to your group leader, your Programme Manager, host family or any member of staff at any time and we will help you.

General Information

Contacting your child

Your child will usually have access to Wi-Fi on their phones every day during school breaks and lunch times. They will contact you to tell you that they have arrived safely.

We understand that you will be thinking of your child and will want to know how they are getting on. However, it is important that the child immerses themselves in the course; too many calls home can disrupt this process and potentially increase feelings of homesickness.

Contacting the school

Please refer to the next page for all school contact details. We will contact you immediately if your child suffers more than a very minor illness/injury. Please note that we are unable to give daily, personal updates on students.

Pocket Money

The Oxford Spires course is all-inclusive. During their stay with us, students will have three freshly-prepared meals a day, and drinking water is always available.

Students will therefore only need money to buy souvenirs during excursions. A good idea is to bring a pre-loaded credit or debit card as they will have access to ATM machines in the town centre.

The amount of pocket money is, of course, your choice but we would recommend no more than £100 per week. Please note that we cannot look after any money or valuables, and your child is therefore responsible for any money or expensive items they choose to bring with them.

For reasons of safety, and to promote equality among students, we ask that your child is not given more than £100 per week to spend.

Deliberate Damage

Please note that we reserve the right to ask you to cover damage to school or homestay property caused by deliberate action or gross negligence, which is the clear fault of your child.

Consent and important information sharing

Please ensure that you have completed the online consent form before your child arrives. We require your permission for your child to have unsupervised free time with their friends, to take photos of your child, and to treat your child in a medical situation.

Allergies, Educational Needs, and Special Requests

We will do everything we can to accommodate your child at Oxford Spires International. Please inform us in advance, through the online consent form, if your child has any specific health problems, food allergies or learning requirements.

Please note that we need to know about food allergies and special access requests at least two weeks before your child arrives.

Keeping Safe

Your child's safety is our top priority. We plan our activities and excursions in advance and have risk assessments for everything we do. We train all of our staff to care effectively for the students, and many have first aid training.

Please help us to keep your child safe by reading the school and host family/residence rules with them before they arrive and ensuring they understand.

Please also ensure that that they do not bring forbidden items (page 22), and that they have the emergency number saved to their phone (see below). Thank you for your support.

Covid-19 Cover for International Students

Our Standard Insurance Policy, with regards to Covid-19, includes:

Student health and wellbeing – If an insured student contracts Covid-19 during their time studying in the UK, cover will remain in place for emergency medical expenses and all other standard policy cover will remain in force for the duration of your trip.

Financial protection whilst in the UK – If an insured student has been diagnosed with Covid-19, the policy will cover for additional expenses related to transport or accommodation if it is medically necessary that they stay in the UK beyond their scheduled return date.

Cover for delays in returning home – If an insured student's return home has been delayed in relation to the pandemic, the policy will be automatically extended without any charge for the period of the delay up to a maximum of **60 days**. This will allow the student to remain on cover for all sections of the insurance policy (i.e. medical cover, personal accident, baggage, personal liability or missed departure).

Additional Covid-19 Insurance Cover is also available, which includes:

Covid-19 delayed return – additional travel or accommodation costs – This section will cover up to £1,000 for reasonable additional transport or accommodation expenses incurred, if the insured student is required to self-isolate on the date that they are due to return to their home country, having been personally instructed to do so by NHS Test and Trace or the NHS COVID-19 app due to being exposed to someone who has been diagnosed with Covid-19.

Covid-19 hospitalisation benefit – If the insured student is admitted to hospital in the UK as an in-patient whilst on a trip during the period of cover due to their being infected with Covid-19, the

policy includes up to £100 for every complete 24 hours the remain in hospital as an in-patient, up to a maximum of £1,400 in total.

Accreditation

Oxford Spires International is regularly inspected by the BAC. The latest inspection report is available on their website by searching our school name. We are also part of English UK, a national members' association for schools in the UK promoting quality and best practice across all its members.

If the problem is not resolved, you should speak to the Managing Director. We will investigate the issue and inform you of the outcome. In the unlikely event that we are still unable to resolve the issue, you can write to the Chief Executive of English UK. All disputes are handled under UK law.
