place in the afternoon. Sometimes  
there maybe lessons operating  
in the afternoons also.

## Course Overview

This programme is a good opportunity for students for whom this may be their first experience abroad. Our carefully planned lessons are based on a communicative approach, with student confidence at the core of our syllabus and methodology. The activity programme makes use of the school's safe and stunning countryside campus set over 52-acres on the outskirts of Stonehouse in Gloucestershire, just 90 minutes from London. Wycliffe College offers extensive sports facilities, including: indoor swimming pool, outdoor sports facilities, sports hall, pavilion, art room, theatre and well-equipped classrooms.

## Who is this course suitable for?

This programme is ideal for young learners embarking on their English language journey. The closed, secure campus atmosphere provides an ideal setting for junior students to experience a British boarding school-style programme, and have fun learning English and exploring British culture. The Good Schools Guide, the number one trusted Guide to Schools in the UK described Wycliffe College as "Small but mighty, Wycliffe College is raising its head above the parapet, newly confident that its balance of academic, pastoral and cocurricular provision is the key to successful growth."
